Snake Mountain Boatworks LLC

Fixed Price True 5200 Bottom Program

Services (Includes all labor and materials)

Snake Mountain Boatworks' Fixed Price True 5200 Bottom Program includes the following Core Services.

- Replace the entire inner bottom sheathing and unsavable outer bottom planks, as well as the intermediate frames – battens – as needed
- Secure the inner sheathing to the bottom and chine framing using 3M 5200 and silicon bronze wood screws
- Apply 3M 5200 between the inner sheathing and outer planks and at all joints
- Remove chine and bottom transom planks; reattach bedded in 5200
- Fasten all sheathing and planking using silicon bronze screws
- Seal all wood with Smith's Clear Penetrating Epoxy Sealer (CPES)
- Paint bilge with correct oil-based bilge paint.
- Prime bottom with five coats of Interlux 2000E Barrier Coat and painted with the correct color bottom paint
